

## Concourse

### **2006 Annual Wet Rand Alfa Club Concourse:**

After an typically relaxed start, the concourse began on one of the best day's in August (According to John all 3rd weekends in the month, are good). Judging was late and relaxed, not much different from last year, mainly due to the fact that most members came to watch more than to partake. Pity, seeing that Paul entered his car, in every day trim, and won 2'nd prize for the modern cars.

One of the things I like most about our concourses, is the fact that they are very relaxed. Ok sometimes to relaxed, but hell, every one enjoy's them in the end. Even poor Gys, who every year is a judge, perhaps next year he'll bring a car around.

One of the problems was the lack of extra classes. I am sorry. Forgot totally about the Pre 75 class. But it was odd to see how high the class of pre 75 cars where this year. Only one Post 80's car in the top three.

Next year we want to try and have the concourse at a more public venue. Ideally a fenced off section at Clear Water or something like that. Any suggestions or comments are welcome.

So next year we are going to try and have as many cars as we can at the Concourse, no excuses please.

Now after that long section, I would really like to thank all the members who firstly helped out. Namely Nuno, who organised the lady's prize, drinks on the day, cleaning the club, and bringing some of his beautiful cars. AK Components for their two prizes on the day, and Adrian bringing 2 cars. Willie for his prized and bringing 2 cars. Finally, but not least IC Alfa for the prize of Modern car, for bringing a new car, and a judge for the day.

And the biggest thanks go's to all the members there on the day.

**Pre 85**

First Prize *Left* : Adrian McCaw  
Second Prize *Bottom Left* : Shaun Turner  
Third Prize *Bottom Right* : Jose Lopes

**Pre 85-97**

**First Prize Left :**
